The compliance of Technical Bids would be determined on the basis of the parameters specified in Chapter 4. The financial Bids of only those Bidders will be opened whose Technical Bids would clear the technical evaluation.

Evaluation of Financial Bid:

17. The Lowest Bid (L1) will be decided upon the lowest price quoted inclusive of all taxes by the particular Bidder as per the Price Format and formula given in Chapter 5 for the **average package rate on ‘per copy basis’**. The bidder shall give the total composite price and the price needs to be individually indicated against each type of photocopy output/ print output (i.e. Colour as well as Black & White) of the photocopier machine. The unit price quoted by the bidder shall be in sufficient detail to enable this Department to arrive at the price offered for each type of photocopy output/ print output. The price approved by this Department for award of CAMC in respect of photocopier machines will be inclusive of all levies and taxes.

During Evaluation of Bid, following points will be taken into consideration. Hence the Bidders are requested to quote justified rate (s) to avoid cancellation of bid: -

A. Abnormally Low Bid/ proposal: -

i. If any bidder is quoting an abnormally low bid/ proposal. An abnormally low bid/ proposal is one in which the bid/ proposal price in combination with other elements of the bid/

proposal, appears so low that it raises material and services concern with the Department as to the capability of the bidder to perform the contract for the offered price.

ii. If the Department i.e. DST identifies a potentially abnormally low bid/ proposal, DST shall seek written clarifications from the bidder, including item wise detail analysis of rate as per market trend of its bid/ proposal price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and the responsibilities and any other requirements of the request for bids/ proposals for proposal document.

iii. If after evaluation of the price analysis, DST determines that the bidder has quoted the unjustified rate and failed to demonstrate its capability to deliver the contract for the offered price, DST shall reject the bid/ proposal without assigning any further reason.

B. Seriously unbalanced or Front Loaded bids/ proposal: -

i. If the bid/ proposal submitted by the bidder, DST feels that the bid/ proposal is seriously unbalanced or front loaded (i.e. Overpriced) DST may ask the bidder to provide written clarifications, including item wise detailed price analysis to demonstrate the consistency of the prices with scope of works, proposed methodology and schedule. After evaluating the item wise detailed price analysis, DST may/ may not accept/ reject the bid/ proposal without assigning any further reason.

C. If it is found in case of receipt of more than two qualified technical bids/ proposals, that the difference between the lowest quoted **rate on 'per copy basis'** and the highest quoted rate is 25% or above, the average of all the rates, quoted by all the participating firms, will be calculated and the bids/proposals of only those firms will be considered for evaluation whose quoted rates fall within the range of +/- 10% of the calculated average rate, and among such firms only, the L1 will be decided and will be considered as most responsive bid.

18. Most advantageous/ responsive Bid/ Proposal: -

After going through the process mentioned above, the Department will decide the most advantageous/ responsive bid and contract will be awarded to that firm. Mere becoming Lowest Bidder i.e. L 1 does not confer the right to become the most Advantageous/ responsive bidder. For becoming Most Advantageous/ responsive bidder, the bidder needs to qualify the points mentioned above.

19. Award of contract:

a) The Accepting officer shall award the contract to the tenderer whose tender has been determined to be substantially most advantageous and most responsive and not necessarily the firm who has offered the lowest evaluated tender price.

b) The tenderer whose rate is accepted will be notified for the award of contract by the Department prior to expiry of the tender validity period. The terms and conditions stipulated in the tender document shall be fully applicable to the resultant contract and taken as an integral part of the contract concluded on the basis of this Tender Enquiry.

c). In case two firms are offering the same net price in Chapter 5, then the contract will be awarded to the firm, who has deposited higher Total Income tax for the past two Financial Years i.e. 2017-18 and 2018-19 in total and as per the direction of the Competent Authority.

20. Arbitration:

All disputes or differences arising out of or in connection with the contract shall be settled by bilateral discussions. Any dispute, disagreement or question arising out of or relating to the Contract or relating to services or performance, which cannot be settled amicably, may be resolved through arbitration by appointing an arbitrator with mutual consent of both the parties and the award of the Arbitrator shall be final and binding upon the parties as per the Arbitration and Conciliation Act 1996.
