## Preface

The mandate of the Department of Science & Technology (DST) includes generation of a reliable data on the resources deployed on research and development (R&D) activities by various types of institutions/industries in the country. For discharging such a responsibility effectively, database on the contact addresses of institutions/industries is an essential pre-requisite. There has been a growing demand from a variety of professionals engaged in policy making, planning, science, administration, industry, teaching and research for a well documented directory on R&D institutions in the country. Even for identifying the target population for the National Survey on resources devoted to R&D activities in the country we, in DST, need such a Directory. With a view to meet this demand, the Department of Science & Technology (DST) has been making continuous effort for collecting and collating data on the institutions in the country.

The present Directory is the ninth one in the series listing 4288 R&D institutions with complete addresses arranged alphabetically within the sectors to which they belong. Details on various communications modes such as phone, fax, e-mail, website addresses have also been given wherever possible. Every care has been taken to provide accurate information on the R&D institutions located through out the length and breadth of the country. The scope and coverage of the present edition of the Directory has been enlarged by adding addresses of additional 328 institutions including the industries registered with the Department of Company Law Affairs.

Despite our best efforts, there could be omissions and errors in the details of some of the R&D institutions. We will be grateful if such discrepancies are brought to our notice so that the next Directory can be further improved.

This Directory is entirely based on in-house expertise. It is a result of team effort of many. The team includes Shri Rakesh Chetal, Shri Parveen Arora, Smt. Namita Gupta, Shri Litton Soren, Ms. Savita Verma, Ms. Neeru and Ms. Sushma.

The Department would welcome any comments/suggestions to enrich this Directory and make it more useful to its users.

Dated: 26th May, 2010

(Dr. Laxman Prasad)  
Head, NSTMIS

# ABOUT THE DIRECTORY

## INTRODUCTION

The Department of Science & Technology (DST) has been compiling information on the addresses of Research & Development (R&D) institutions in the country since 1978 for conducting National level survey on resources (both financial and human) deployed on R&D activities. The present Directory contains information on the 4288 R&D Organisations in the form of Phone no. /Fax no. / Email /Website (P-Phone, F-Fax, E-Email, W-Website).

The term R&D institution, used in this Directory refers to either a national laboratory or a research institute or a research station or private and public sector in-house R&D unit or a not for profit Scientific and Industrial Research Organisation (SIRO) or an academic institution. The Organisations under various sectors mentioned above are not homogeneous and are of varied sizes in terms of infrastructure, facilities and research inputs like manpower and expenditure etc. deployed on S&T activities.

## ORGANISATION OF DIRECTORY

This Directory has been divided into three parts. **Part-I** of the Directory contains information regarding all R&D institutions. The information in the Directory is arranged sector-wise and listing has been done alphabetically in the following manner.

### 1. Central Government R&D institutions

These institutions are divided into three broad groups viz. a) Major Scientific Central Government Ministries/Departments/Agencies (b) Other Central Government Ministries / Departments (c) Central Government Public Sector in-house R&D units.

Note: The classification of Major Scientific Agencies are based on two criteria (a) The nature of their activities being predominantly R&D and (b) The research input by them on R&D activities is sizeable .

The institutions under Major Scientific Central Government Ministries/Departments/Agencies are arranged alphabetically as given below:

- Defence Research and Development Organization (DRDO)
- Department of Atomic Energy (DAE)
- Department of Space (DOS)
- Indian Council of Agricultural Research (ICAR)
- Indian Council of Medical Research (ICMR)
- Ministry of Communications & Information Technology (MCIT)
- Department of Information Technology (DIT)
- Ministry of Earth Sciences (MES)
- Ministry of Environment and Forests (MEF)
- Ministry of New and Renewable Energy (MNRE)

- Ministry of Science and Technology (MST)
- Council of Scientific and Industrial Research (CSIR)
- Department of Biotechnology (DBT)
- Department of Science and Technology (DST)

The Laboratories are arranged alphabetically under each agency. In case of Indian Council of Agricultural Research (ICAR) the earlier Directories included all India coordinated research projects (AICRP) which have been omitted from the present Directory as these projects form part of the already existing R&D institutions. Similarly, in the previous directories there were institutions which appeared at more than one place like Sree Chitra Tirunal Institute for Medical Sciences & Technology under DST and also under SIRO. This time such institutions have been recorded at one place depending generally on their affiliation.

#### Other Central Ministries/Departments

The Ministries/Departments are arranged alphabetically. Also the organizations under their administrative control have been arranged in alphabetic order. The Central Government in-house R&D units of Public Sector Industries arranged alphabetically separately under the title Central Public Sector.

### **2. State Sector**

In State Sector, first the States have been arranged alphabetically. Further, within the State the R&D institutions have been presented in the order of Agricultural universities and State Government R&D institutions. The State Public Sector industries state-wise in alphabetic order in each state have been reflected separately under the title State Public Sector.

### **3. Academic Sector**

Higher Education Sector comprising of universities with S&T faculty, deemed universities and institutions of national importance have been listed alphabetically under the Higher Education Sector. All the State Agriculture Universities are included in the respective State Government list in the State Sector.

### **4. Scientific and Industrial Research Organisations**

Scientific and Industrial Research Organisations (SIRO's) and in-house R&D units of Private Sector industry recognized by Department of Scientific and Industrial Research (DSIR) are arranged alphabetically under the respective titles. This is followed by Industries performing R&D but not registered with DSIR. The details of such units have been taken from the Central Monitoring of Indian Economy (CMIE) database. These are also arranged in alphabetic order.

### **5. State-wise Index**

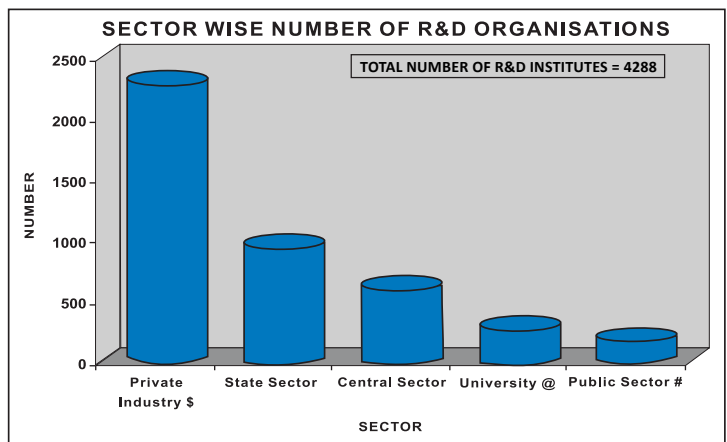

In **Part-II** of the Directory, R&D institutions located in various states have been presented state-wise and with in the state sector-wise and further with in the sector alphabetically with record numbers to understand the distribution of R&D institutions of different sectors in states and union territories and to make the searching of institutions more easy.

### **6. Alphabetical Index**

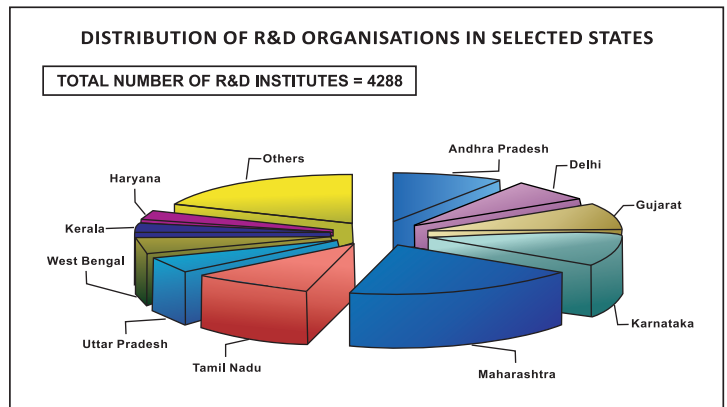

The names of all R&D institutions along with their respective record numbers as given in **Part-I** have been arranged alphabetically in **Part-III** of the Directory.

# AN OVERVIEW

The Directory contains communication details of 4288 R&D institutions in the Country. The maximum number of R&D institutions 846 (19.7%) are located in the State of Maharashtra. This is followed by Tamil Nadu, Karnataka and Gujarat with 437 (10.2%), 404 (9.4%) and 375 (8.7%) respectively. In case of Central Sector the maximum number of R&D institutions 75 (12.3%) are located in the State of Delhi. This is followed by Maharashtra and Karnataka with 68 (11.1%) and 57 (9.3%) of total Central Sector R&D institutions respectively. The share of various sectors in total number of R&D institutions is: Central Government 14.2%, State Governments 21.4%, Higher Education Sector 6.6% Private Sector including Scientific & Industrial Research organizations 53.7% and Public Sector Industry including State Public Sector 4.5%. The Sector-wise and State-wise number of R&D organisations are as follows.

- Note: @ University includes deemed universities and institutes of national importance.  
 \$ Private Industry includes DSIR recognized in-house R&D units, Scientific and Industrial Research Organisations and Industries not recognized by DSIR but performing R&D activities taken from CMIE database.  
 # Public Sector includes in-house R&D units of Central Public Sector and State Public Sector
