PREFACE

Extramural Research and Development (R&D) projects support is a peer reviewed competitive grant mechanism of the Central Government to promote, catalyze and advance R&D and innovation in the country and provides special encouragement to scientists to pursue a research career. NSTMIS programme under the PCPM Division of the Department of Science and Technology (DST) has been collating, analyzing and disseminating information on Extramural Research and Development projects funded by various scientific agencies. Directory of Extramural R&D projects approved for funding by selected Central Government Departments/Agencies is being published by this department annually since 1990-91. Since 2000-01, the task for preparing the directory has been sponsored to Manpower Management Centre (MMC), New Delhi. The present directory, thirty-first in the series is an outcome of the efforts made in this regard for the projects funded during the year 2020-21 by various scientific agencies of the Government.

This directory contains information on 3180 R&D projects approved for funding by 14 scientific agencies/departments during 2020-21. We would like to thank all the funding agencies for the support extended by them in providing data for Extramural R&D. The directory begins with brief overview and analysis of the data and provides the projects details such as title, address of principal investigator, duration, name of funding agency/scheme and funds approved have been provided based on the data received from the funding agencies. The projects have been classified into 8 major subject areas such as Agricultural Sciences, Biological Sciences, Chemical Sciences, Earth Sciences, Engineering & Technology, Mathematics, Medical Sciences and Physical Sciences. For reference, indexes on the name of Principal Investigator, Institute and State are appended.

An online Dashboard of Extramural R&D has been developed to facilitate online data collection to ensure maximum participation from various scientific agencies. It also helps in usage and data analytics of extramural R&D by varied stakeholders including policymakers in S&T sector.

ABOUT THE DIRECTORY

INTRODUCTION

National Science and Technology Management Information System (NSTMIS) programme of the Department of Science and Technology (DST) has been compiling information annually on extramural (also called sponsored) R&D projects since 1990-91 in order to exchange information on Research and Development (R&D) projects with different interest groups. This compiled information is published as an annual Directory of Extramural Research and Development projects approved for funding by various agencies during the year.

The task of collecting, compiling, analyzing and publishing the directory for the year 2020-21 was sponsored by the Department of Science & Technology to the Manpower Management Centre (MMC), New Delhi. The present directory, 31st in the series, provides details of 3180 sponsored R&D projects approved during the year 2020-21 by 14 Central Government Ministries/Departments/Agencies.

The following Ministries/Departments/Agencies of the Central Government have furnished the list of projects approved by them:

- 1 All India Council for Technical Education (AICTE)
- 2 Council of Scientific and Industrial Research (CSIR)
- 3 Defence Research and Development Organisation (DRDO)
- 4 Department of Bio-Technology (DBT)
- 5 Department of Coal (DOC)
- 6 Department of Science and Technology (DST)
- 7 Department of Scientific and Industrial Research (DSIR)
- 8 Indian Council of Medical Research (ICMR)
- 9 Indian Space Research Organisation (ISRO)
- 10 Ministry of AYUSH (AYUSH)
- 11 Ministry of Earth Sciences (MOES)
- 12 Ministry of Electronics & Information Technology (MEITY)
- 13 Ministry of Environment, Forests & Climate Change (MOEFCC)
- 14 Ministry of Power (MOP)

Note:

The addresses of all above mentioned funding agencies are given in **Annexure-1**.

ORGANISATION OF THE DIRECTORY

The projects have been listed in the directory by major subject area-wise. Under each major subject area, the projects have been arranged by funding agency-wise and also scheme-wise within funding agency. Under each scheme, the projects have been arranged alphabetically as per the title of the project. For each project, the information included is record number, title of the project, name of the funding agency/scheme, name and address of the investigator/institute, approved cost of the project and the duration of the project. The third column of the directory gives the name of funding agency and scheme. For example, this has been given as “DST-IRPHA”. Here “DST” is the name of the funding agency i.e. Department of Science and Technology and “IRPHA” is the acronym used for the name of the scheme under which the project was approved i.e. Intensification of Research in High Priority Areas.

For explanation of abbreviations/acronym for the agencies and schemes, the readers are advised to see **Table 1 & 2** under the Section “**BRIEF ANALYSIS**”. For a quick reference, Index pages on Principal Investigator and Institute etc., have been provided in the directory at the end. The addresses of the funding agencies have been given at **Annexure-1**. **Annexure-2** gives institute-wise extramural R&D support committed during the year 2020-21. A brief analysis on the pattern of funding during the year 2020-21 is given in the following paragraphs.

Figure 1 shows the pattern of funding by various Central Government agencies sponsoring Extramural R&D. It can be seen that the Department of Science & Technology (DST) accounted for the maximum support of Rs. 1190.41 Crore (59.44%), followed by the Ministry of Electronics & Information Technology (MEITY) with Rs. 294.31 Crore (14.70%) and the Department of Biotechnology (DBT) with Rs. 277.52 Crore (13.86%). The two departments under the Ministry of Science and Technology namely DST & DBT, together played a major role in extramural R&D funding in the country by contributing to more than 73% of the total extramural R&D support at national level.

The other agencies that funded a large number of Extramural R&D projects were the Indian Council of Medical Research (ICMR) with Rs. 120.72 Crore (6.03%), followed by the Defence Research and Development Organisation (DRDO) with Rs. 40.08 Crore (2.00%) and the All India Council for Technical Education (AICTE) with Rs. 23.41 Crore (1.17%).

SUBJECT AREA-WISE ANALYSIS

The projects are classified in eight major subject areas as under:

- | | | |
|--------------------------|-----------------------------|----------------------|
| a) Agricultural Sciences | b) Biological Sciences | c) Chemical Sciences |
| d) Earth Sciences | e) Engineering & Technology | f) Mathematics |
| g) Medical Sciences | h) Physical Sciences | |

The classification of R&D projects has been done based on the **subject area** indicated by the agencies and also based on the title of the projects. Some of the projects may be multi-disciplinary in nature but have been classified into one of the subject areas mentioned above, depending on their major thrust. **Figure 2** shows number of extramural R&D projects approved in each subject area during the year 2020-21. It shows that maximum number of projects were in the subject areas Engineering & Technology, Medical Sciences, and Biological Sciences. Maximum number of projects were in the subject area of Engineering & Technology i.e. 1089. Out of these 1089 projects, the maximum number of projects i.e. 792 were approved by the Department of Science & Technology (DST) followed by 115 projects by All India Council for Technical Education (AICTE). Medical Sciences subject area received funding of a total 580 projects; of which funding agencies namely ICMR (247), DST (201), AICTE (36) contributed the maximum.

The next in order is Biological Sciences in which 550 projects were approved, as seen in **Figure 2**. Out of these, the maximum number of projects i.e. 332 were approved by Department of Science & Technology (DST) followed by 176 projects by Department of Biotechnology (DBT).

LIMITATIONS

The data on Extramural R&D projects supported under different schemes/programmes implemented by the Ministries/Departments/Agencies of the Central Government was collected using a standardized questionnaire designed by NSTMIS, DST. Each of these Ministries/Departments/Agencies have multiple schemes coordinated by different teams, resulting into multiple contact points for collecting the desired information which at times became a fairly time-consuming process. Sometimes, a shortage of staff in these Ministries/Departments/Agencies leads to delays in data sharing, requiring multiple follow-ups to obtain complete data. Out of 20 funding agencies approached, 14 provided data for the year 2020-21. The COVID-19 pandemic is observed to have affected EMR project support in some funding agencies, leading to a shortfall in total funding during 2020-21. Despite repeated efforts and personal visits by the survey team, data from few funding agencies either couldn't be obtained or only partial data was received. The data received from varied sources had to be processed for cross-validation for data inaccuracy, data inconsistency, duplicity, etc. through clarifications from the funding agencies and accessing data available on secondary sources. As the listing of projects is based on the inputs received from responding agencies, it is assumed that the information they provided was complete. The project cost refers to the initial approved cost for the initial approved duration of the project. It is quite possible that some of the projects mentioned in this directory may not be R&D projects in the strict sense of the term.
