Election Commission of India is now rolling out its ambitious project ‘Electoral Literacy Club’ (ELC) for mainstreaming of electoral literacy in Schools, Colleges and Communities to promote electoral literacy in all age groups of the Indian citizens.

In organizations, such as Government and Non-Government Organizations as well as in Corporates, the ELC has assumed the name of Voter Awareness Forum (VAF) and serve the purpose of imparting voter education to all employees within an organization.

**What is a Voter Awareness Forum (VAF)?**

**Who shall be the members of VAF?**
All employees, including contractual employees, shall be members of the VAF.

**What shall we do in VAF?**
In VAF, members will be a part of engaging activities, designed keeping specific learnings in mind, to help them become an *Empowered Voter*.

**What is the structure of VAF?**
1. The Head of each organization/office shall be the chair of the VAF.
2. Chair shall appoint one senior officer as the Nodal Officer. Preference shall be given to an officer who has experience of the election duty.

**What is the role of Nodal Officer?**
The Nodal Officer will act as the convener of the VAF and will coordinate with the Office of Election Commission of India/Chief Electoral Officer/District Election Officer for the provision of VAF Resource Guide which shall carry instructions on the conduct of activities within the VAF.

**Who shall conduct various activities of VAF?**
The activities of VAF shall be coordinated by Executive Committee. The Committee shall be elected by the members of the VAF. Existing Clubs like Recreation Club, Sports Club etc. or similar bodies in an organization can also act as the Executive Committee of the VAF.
There are seven activities to be conducted in a year by the VAF as follows:
(These are explained in detail in the VAF Resource Guide designed for VAF Nodal Officer)

I. Inauguration of the VAF – 1st year only
The inaugural activity shall be marked by a briefing session of all the employees in the organization where they are informed about the concept of VAF along with the basics of the electoral process. The inauguration can be followed by the ‘Registration & Name-check’ activity.

II. Registration & Name-check
Employees are encouraged to get enrolled as voters in case they aren’t already enrolled. Moreover, the enrolled members of VAF will be explained the way to check their name in the electoral roll through NVSP portal.

III. Pledge taking on National Voters’ Day (NVD)
NVD is celebrated every year on the 25th of January and dedicated to the Voters of India. NVD is a unique exercise for promoting electoral participation. All employees within an organization will assemble together and take the Voters’ Pledge (available on ECI’s website & VAF Resource Guide) on National Voters’ Day.

IV. Build the Ballot
For every election, the employees can come together to build their own ballot which is an activity aimed at familiarizing the members with the process by which the order of names of the candidates to appear on the ballot paper is decided. Through this activity members will build their own ballot paper with dummy (or real) candidates and all symbols including NOTA.

V. Quiz
The VAF can organize a quiz of 20-25 questions with all the members of the office. A set of question and answer for the same can be found in the VAF Resource Guide for the Nodal Officer. Quiz can be made more interesting by giving freebies to the winning team/each member who answer the question.

VI. Rajbhasha Diwas
On the occasion of Rajbhasha Diwas, celebrated by holding various literary and oratory competitions in Hindi, one of the themes given to the participants can be around importance of elections or value of vote. A list of suggested themes can be found in the VAF Resource Guide.

VII. Floor Games (optional)
Five stand alone floor games imparting messages for voter awareness have been developed by ECI complete with instructions. These 5 games include Stappo describing the stages of voting, Snakes and Ladders describing the electoral process, Maze game giving information on the various forms used in the electoral process, Ludo on accessibility in elections and Gol Chakkar game on EVM-VVPAT.
Inauguration of VAF

A formal inauguration will be held to mark the beginning of the VAF in the organization/department/corporate. The inauguration shall invite all the employees within the office. The Chair of the VAF shall start the event with a briefing session where everyone is informed about the concept of VAF and introduced to the Nodal Officer and members of the Executive Committee. The Nodal Officer may then take over and talk to employees about club membership along with the basics of the electoral process. ii. Be able to appreciate the integrity of the process
iii. Be aware that NOTA is the last option on the ballot

Resources

ii. Guidelines for listing out candidates on the ballot paper (provided in the resources)
iii. List of 15 symbols (provided in the resources)

Material Required
i. Pen/Pencil

iii. 15 Blank stick-on paper slips
iv. 15 Stick-on paper slips with symbols
v. 1 NOTA stick-on paper slip

Duration: 30 minutes

Preparation
Convener to go through the extracts of the ECI instruction given in the resources

Method
1. The Convener will tell the members that they will build a ballot paper themselves and will encourage the members to imagine that they are citizens of an election going state.
2. The Convener then invites 15 volunteers to act as candidates for the Assembly Constituency where the VAF is set up.

3. Present the list of party symbols to the class, where 5 symbols will represent the National parties, 4 symbols will represent the recognized State parties, another 3 symbols will represent registered but unrecognized state parties and 3 symbols will be independent candidates (the symbols are given in resources).

4. Randomly allot one symbol each to the 15 volunteers.

5. Explain to the entire VAF that on the ballot paper the names of candidates from the National parties and recognized State parties appear first (category I), followed by candidates from registered but unrecognized parties (category II) with the independent candidates (category III) names appearing at last.

6. The arrangement of names within these three categories shall be in alphabetical order according to Devanagri script in the case of elections to Parliament and in the script of the official language of the state in the case of elections to State Legislature.

7. Announce to the members and the volunteers that they will now build a ballot (which is then stuck on an EVM). Mention that one EVM holds 16 options at a time and the last option is always NOTA.

8. Distribute a blank paper slip to each of the 15 volunteers and ask them to write their name on it in Hindi and English.

9. Meanwhile ask the remaining members to design the ballot paper with rows and column as per the sample given in the resource, keeping the space for the symbol and candidate name blank. NOTA may be drawn in the last row/column as depicted.

10. Invite the volunteers holding symbols of the dummy recognized national and state parties to step forward. Explain to them that their names will go on the ballot first but in an alphabetical order. Convener to help members go through the guidelines for listing out candidates on the ballot paper and assist the volunteers.

11. The volunteers will write their names on the dummy ballot paper and simultaneously affix the paper slip with their party symbol in front of their names.

12. The same suit must be followed with the dummy unrecognized party candidates, and finally independent candidates.

13. The ballot paper is thus ready.

14. Convener to inform the members that the names of the contesting candidates are represented in the same manner on the EVM.

15. Convener to emphasize that EVM displays name and photograph of the candidate and voters should know their candidates and their antecedents. Voters should go through party manifestoes to take an informed decision for deciding their ballot.
Note to the Convener –
- Post the conclusion of activity the Convener must ask the entire class to applaud for themselves for building the ballot. S/he must then bring to the notice of the people, that the listing of candidates on the ballot is done in an unbiased way and that the order of the list is no indicator of the capability of the candidate. Thus, everyone must know their candidates and vote for the candidate they like irrespective of their position on the EVM.

- The Convener must also highlight that the last option on the EVM is NOTA. Of the 16 options on the Balloting Unit of the EVM, the last option will always be NOTA. In case there are more than 16 candidates, another Balloting Unit is added to the EVM and the NOTA option will be added there.

- At max, 24 Ballot Units (BU) can be attached together. Thus the EVM can accommodate a list of 384 (24 x 16) options which includes 383 candidates + NOTA. NOTA is always the last button on the EVM. The convener may convey this information.

Important Instructions regarding Ballot paper and NOTA

Arrangement of names in the list of validly nominated candidates etc.

1. As per Section 38 of the Representation of the People Act, 1951 and Form 4 (list of validly nominated candidates) and Form 7A (List of contesting candidates), names of candidates in the said list have to be arranged under three categories, i.e.
   i. Candidates of recognized National parties and State political parties in the States concerned,
   ii. Candidates of registered unrecognized political parties and
   iii. Other (independent) candidates.

Therefore, names of candidates have to be arranged in the said lists and also on the ballot papers in the same order under these categories. It may be noted that names have to be arranged alphabetically in each of the above mentioned three categories separately.

However, the headings of the above mentioned three categories as given in Forms 4 and 7A should not appear on the ballot papers.

2. You will determine the arrangement of the names of candidates in alphabetical order in each of the three categories in the list of validly nominated candidates, the list of contesting candidates and also in ballot papers on the basis of the first letter of his name irrespective of whether the name given is the proper name or surname. The initials, if any, prefixed to the name of a candidate should be ignored for the aforesaid purpose. Thus in the case of candidate giving his name as T.K. Reddy, the place of that candidate, according to alphabetical order in the relevant category should be determined with reference to the letter ‘R and not T.

3. However, if two candidates in the same category have the same name but different initials, for example P.S. Reddy and T.K. Reddy, then the two names should be arranged inter se with reference to the first letter of the initials. Further, if two or more such candidates have the same name but different surnames, then their names should be arranged inter se in alphabetical order with reference to the surnames.

4. The arrangement of names of candidates shall be in alphabetical order according to Devanagri script in the case of elections to Parliament and in the script of the official language of the state concerned in the
case of elections to State Legislatures.

5. Rules 22(3) and 30(3) of the Conduct of Elections Rules 1961 provide that if two or more candidates bear the same name, they shall be distinguished by the addition of their occupation or residence or in some other manner. In such cases, the arrangement of names of those candidates, if falling under the same category in the list of validly nominated candidates and contesting candidates and in the ballot paper will be with reference to the distinguishing names of the candidates.

6. There will also be no objection to the addition of any honorific, academic, hereditary, professional or any other title to the name of a candidate, but such title should on no account be taken into consideration, in the arrangement of names in alphabetical order in the lists of validly nominated candidates or of contesting candidates or in the ballot papers.

Ballot papers of ballot units of voting machines

1. If the number of contesting candidates exceeds sixteen (now fifteen after advent of NOTA) the ballot paper shall be printed on two sheets of the prescribed dimension if the number of candidates is between seventeen and thirty two (now 31), on three sheets if the number of contesting candidates is between thirty three and forty eight (48), on four sheets if their number is between forty nine and sixty three(63).

2. In such cases where the ballot paper is printed on more than one sheet, the names of contesting candidates from S.No.17 to 32 shall be printed on the second sheet, from S.No.33 to 48 on the third sheet and from 49 onwards on the fourth sheet. If the number of candidates is less than thirty two the space below the panel for the last contesting candidate in the second sheet shall be kept blank.

Similarly, for the third and fourth sheets of the ballot papers.

3. On each such sheet, in the space provided for indicating the particulars of the election, its number shall be indicated in bold words and letters e.g. ‘Sheet No.1,’ ‘Sheet No.2’ etc.

4. The names of the contesting candidates shall be printed in the same language or languages in which the list of contesting candidates has been prepared. The serial number of the candidate shall be indicated in the international form of Indian numerals.

5. Serial number and the name of the candidate shall be printed on the left hand side and his symbol on the right hand side in the panel meant for him.
NOTA

In compliance of the judgment and order of the Hon’ble Supreme Court, the Commission hereby gives the following directions to implement the NOTA option on EVMs/Ballot Papers:-

After the panel containing the name and particulars of the last candidate on the ballot paper, there shall be a panel below the said last panel with the words ‘None of the Above’ written therein, for the benefit of those electors who may wish to exercise the option of not voting for any of the candidates in the fray. The symbol of NOTA shall be displayed against the option on the ballot paper.

These words shall be written in the same language or languages as used in the case of names of candidates. The size of the panel shall be the same as in the case of the candidates.

If there are sixteen candidates in the fray, an additional balloting unit shall be attached to the first balloting unit for the ‘None of the Above’ panel.

Thus, in case more than one balloting unit is used, ‘None of the Above’ panel shall be only in the last balloting unit below the panel for the last candidate.
