Webinar for the Accelerating CCUS Technologies (ACT) Call-2020

28th August 2020 (Friday), 1430 to 1530 Hrs (IST)

About the Webinar:

Department of Science & Technology (DST), India has jointly launched **Accelerating CCUS Technologies (ACT)** Call. India has participated in this multinational **ACT Call 2020** together with 14 countries.

The ACT call is to facilitate the emergence of CCUS via transnational funding of projects aimed at accelerating and maturing CCUS technology application through targeted innovation and research activities.

In this **ACT-CCUS call 2020**, DST is acting as a funding partner for the Indian partners and has allocated up to **1 Million Euro (approx. Rs 8 Crores)** for this purpose. For the information/queries, regarding the ACT call and funding guidelines, Indian participants / stakeholders are requested to join the informative **Webinar** going to be organized jointly by DST-ACT Secretariat on the **28th August 2020 at 1430–1530 Hrs (IST)**.

Further information:

Please note that the webinar will take place via a suitable virtual platform. Interested applicants/participants are kindly requested to pre-register themselves by providing the following information to DST via email: **ccus.dst@gmail.com** positively on or before **26th August 2020 (Wednesday) 1700 Hrs (IST)**.
