

## Webinar

# India-Sweden Collaborative Industrial Research & Development Programme 2020 on “Smart Grid”

**19<sup>th</sup> February 2021 (Friday), 1430 to 1530 Hrs (IST)**

### About the Webinar:

Department of Science & Technology (DST) India and Swedish Energy Agency (SEA) Sweden, invite proposals in collaborative industrial research and development projects in the area of Smart Grid. The call includes applied R&D projects focused on co-development of new technologies, services or processes to address challenges within the context of electrical smart grid.

In this **India-Sweden call 2020 on Smart Grid**, DST is acting as a funding partner for the Indian partners and has allocated **approx. Rs 18 Crores (MSEK 25)** for this purpose. For the information/queries, regarding the call and funding guidelines, Indian participants / stakeholders are requested to join the informative **Webinar** going to be organized by DST Secretariat on the **19<sup>th</sup> February 2021 (Friday) at 1430-1530 Hrs (IST)**.
