Department of Science and Technology (DST), India and the **Clean Energy Transition Partnership (CETP) Secretariat cordially invites you to a Joint webinar – DST and Clean Energy Transition Partnership (CETP) Funding Opportunities within CCUS and GHG Mitigation**. The webinar will be held on **7th November 2024** from 15:00 -16:00 pm (IST) /11:30 am- 12:30 pm (CET).

This webinar will highlight the international **CETPartnership Joint Call 2024 Transition Initiative 3 (TRI 3) for Call Module 2024-04 in the area of Carbon Capture, Utilisation and Storage (CCUS) and TRI 6: Call Module 2024-09 Challenge 1 on GHG (CO₂ & Methane) Mitigation Technologies in industrial sectors such as Oil and Natural Gas, Coal Mining, Cement, Steel, etc. and DST India's national requirements** in terms of Eligibility criterion and funding guidelines for the potential applicants.

This is the third annual call under the CETPartnership. CETPartnership empowers people and organizations, driving a fair, clean energy transition for a climate-neutral world. TRI 3 includes the call modules for Carbon Capture, Utilization, and Storage (CCUS) and TRI 6: Call Module 2024-09 Challenge 1 for GHG (CO₂ & Methane) Mitigation Technologies.

DST India has joined the **CETPartnership Joint Call 2024 Transition Initiative 3 (TRI 3) Call Module 04 (CCUS) and TRI6 Challenge-1 on GHG (CO₂ & Methane) Mitigation Technologies**. The Webinar is being organized to bring out clarity on the **TRI 3 (Call Module 2024-04 CCUS) and TRI 6 (Call Module 2024-09 Challenge 1) and DST India's national requirements** in terms of Eligibility criterion and funding guidelines for potential Indian applicants.

We invite you to become part of the CETP community of change-makers, from researchers, academicians, corporates and entrepreneurs who have created scalable and impactful solutions towards a climate-neutral world.
